Concerns

If you have a problem concerning your child at school, please contact the immediate school staff member involved. The faculty and administration appreciate you calling the school first about any complaint or other matter about which you want information. This will provide you with facts instead of rumors.

Equal Educational Opportunity

Cherokee Community School District does not discriminate in its education programs or activities on the basis of sex, race, color, national origin, disability, religion, creed, marital status (for programs), sexual orientation, gender identity and socioeconomic status (for programs). The school district's goal is to educate students in programs and activities that foster a healthy social, intellectual, emotional, and physical self-concept. Each student has the opportunity to use Cherokee Community School district's educational programs and activities. Each student is expected to conduct themselves in a manner that assures each student the same educational opportunity.

Students who feel they have been discriminated against are encouraged to report it to the school district Affirmative Action Coordinator. The Affirmative Action Coordinator is *Matt Malausky* and can be contacted at mmalausky@ccsd.k12.ia.us.

Inquiries by students regarding compliance with equal educational opportunity and affirmative action laws and policies, including but not limited to complaints of discrimination, may be directed in writing to the Director of the Region VII office of Civil Rights, U.S. Department of Education, John C. Kluczynski Federal Building, 230 S. Dearborn St., 37th Floor, Chicago, IL, 60604 (312) 730-1560, fax (312) 730-1576 OCR.Chicago@ed.gov, the Iowa Civil Rights Commissioner, <https://icrc.iowa.gov>, (515) 281-4121 or the Iowa Dept. of Education, Grimes State Office Bldg., Des Moines, IA 50319. (515) 281-5294. This inquiry or complaint to the federal or state office may be made instead of, or in addition to, an inquiry or complaint at the local level.

Cherokee Community School District, in its educational program, has an intervention process to assist students experiencing behavior and learning difficulties. Our AEA is responsible for this process. Parents wanting access should contact Krista Miller, CMS Principal.

Iowa Nondiscrimination Statement

It is the policy of the Department of Education not to discriminate on the basis of race, creed, color, sex, sexual orientation, gender identity, national origin, gender, disability, religion, age, political party affiliation, or actual or potential parental, family or marital status in its programs, activities, or employment practices as required by the Iowa Code sections 216.9 and 256.10(2), Titles VI and VII of the Civil Rights Act of 1964, the Equal Pay Act of 1973, Title IX, Section 504 (Rehabilitation Act of 1973), and the Americans with Disabilities Act.

If you have questions or grievances related to compliance with this policy by the Iowa Department of Education, please contact the legal counsel for the Iowa Department of Education, Grimes State Office Building, Des Moines, IA 50319-0146, telephone number 515-281-5295; or the Director of the Office for Civil Rights, U.S. Department of Education, Citigroup Center, 500 W. School Day – Arrival and Departure

Cherokee Middle School will open our doors at 7:30 a.m. for breakfast. Students will sit in the cafeteria until 7:55 when they will go to their TA until classes start at 8:05. Students will be dismissed at 3:20 p.m. at the end of the day.

Attendance

Students must attend school for the number of days or hours school is in session in accordance with the school calendar. Students are expected to be in class and to make attendance a priority. Attendance is not only compulsory by Iowa law ([Iowa Code Chapter 299](#)) but is the only way a student can participate and benefit from Cherokee Community School District's education program and accomplish the student's educational objectives. Although Cherokee Community School District believes that traditional, in-person school attendance leads to the greatest learning opportunities for students, there may be rare and unusual circumstances created by public emergencies declared by state or local officials which temporarily prevent students from attending traditional, in-person school. In such cases, the superintendent will have discretion to make reasonable accommodations for students on a case-by-case basis, to attend school through remote learning opportunities. Attendance will still be taken during these remote learning experiences.

Should a student return to school from an absence during the school day, or leave the school during the school day, the student must report to the middle school office. If the student is returning to school during the school day, the student must bring a doctor note or have a parent call or walk in with the student prior to returning to class. This process is not meant to excuse an absence or act as a reason for an unexcused absence but merely to keep track of student activity and attendance.

Excused Absences

Students or parents of minor students who know they will be absent must notify Nicole Kruse, administrative assistant, in advance of the absence. Absences approved by Mrs. Miller are considered automatically excused absences. Excused absences include but are not limited to illness, family emergencies, recognized religious observances, school activities, family trips, or other family circumstances. It is the student's responsibility to make up any classroom work or required assignments.

If advance notification is not possible, parents must notify Mrs. Kruse on the day of the absence prior to 8:05 am. If notification is not received, the office will attempt to contact the parent at the given emergency number on file or by

email. Before a student is re-admitted to class after returning from an absence without prior notice, the district may require a doctor's note.

Unexcused Absences

Unexcused absences are absences that have not received prior approval and in which a student is absent without a reasonable excuse, as determined by Mrs. Miller. Unexcused absences include but are not limited to tardiness, no call, shopping, hunting, concerts or other determined unexcused absences. An unexcused absence may become an excused absence should a parent or student of majority age offer a reasonable excuse. Reasonable excuses include illness, family emergencies, family trips, recognized religious observances or other family related circumstances.

Discipline Guidelines For Various Rule

These guidelines concerning discipline are in effect anywhere on school property and at all home or away school-sponsored activities. Discipline shall be administered when necessary to protect students, school employees or property, and to maintain essential order. Students shall be treated fairly and equitably. Discipline shall be based on careful assessment of the circumstances of each case. At any time the building principal may deem it necessary to assign a consequence anywhere along the continuum for a specific offense. Students may not attend or participate in school activities while under OSS suspension or having been expelled

The discipline grid will be used as a guide to determine the consequences of each situation and ultimately up to the administration's discretion.

Academic Integrity

Students are expected to do their own schoolwork. Academic dishonesty includes but is not limited to looking at another student's schoolwork without permission, copying others' work, copying from other unauthorized sources such as past exams, or unauthorized use of devices. Academic dishonesty is strictly prohibited. Students may face disciplinary measures as outlined in this handbook if found to have engaged in academic dishonesty. In addition to such disciplinary measures, students may face loss of class credit.

Homework Policy

Homework is available to students through Google Classroom and/or homework pages on the Cherokee Middle School webpage. Parents should also look on JMC to check whether their child has completed homework and received a grade for it. Students who neglect to finish homework may have detention, no credit, or a combination of the two. It is up to the individual teacher as to how homework is handled. If a student is absent, the student is responsible for making up their work.

Open Enrollment

Iowa's open enrollment law allows students residing in one school district to request transfer to another school district upon the parents' request. Parents/guardians may apply for open enrollment for their child to attend another Iowa public school at any time during the year. Students wishing to enroll in another school must contact Krista Miller, CMS Principal, krmiller@ccsd.k12.ia.us for more information.

Dual Enrollment

Home schooling/private instruction or home school assistance program students enrolled in classes or participating in school activities in *Cherokee Community School District* are subject to the same policies, rules, and regulations as other students and are disciplined in the same manner as other students. Dual enrollment students interested in participating in school activities or enrolling in classes should contact *Mrs. Miller, CMS Principal*, krmiller@ccsd.k12.ia.us.

Homeless Children and Youth

Pursuant to Policy 501.16, the board shall make reasonable efforts to identify homeless children and youth of school age within the district, encourage their enrollment and eliminate existing barriers to their receiving education which may exist in district policies or practices. The designated coordinator for identification of homeless children and for tracking and monitoring programs and activities is Krista Miller (712-225-6750), krmiller@ccsd.k12.ia.us.

A homeless child is defined as a child or youth between the ages of 5 and 21 who lacks a fixed, regular and adequate nighttime residence and includes a child or youth who is living on the street, in a car, tent, or abandoned building or some other form of shelter not designed as a permanent home; who is living in a community shelter facility; or who is living with non-nuclear family members or with friends, who may or may not have legal guardianship over the child or youth of school age.

So that enrollment of homeless children and youth of school age may be facilitated, the following policy areas shall be modified as follows:

School Records: For students transferring out of the district, records may be provided directly to the student or the student's parents. In addition, students transferring into the district may provide cumulative records directly to the district. The district shall not require that such records be forwarded from another district before that student may enroll. The school shall then request the official records from the sending school.

Immunization Requirements: Homeless students shall not be denied enrollment for lack of immunization records if:

- They have a statement signed by a physician stating that immunization would be injurious to the child;
- They provide an affidavit stating such immunization would conflict with their religious beliefs;
- They are in the process of being immunized; or
- They are a transfer student from another school.

The district shall make a reasonable effort to locate immunization records from the information provided or shall arrange for the student to receive immunizations.

Waiver of Fees and Charges: Fees and charges, which may present a barrier to the enrollment or transfer of a homeless child or youth, may be waived at the discretion of the superintendent.

Enrollment Requirements/Placement: Enrollment requirements, which may constitute a barrier to the education of the homeless child or youth, may be waived at the discretion of the superintendent. If the district is unable to determine the grade level of the student because of missing or incomplete records, the district shall administer tests or utilize other reasonable means to determine the appropriate grade level for the child.

Residency: For purposes of a homeless child or youth, residence for the purpose of attending school shall be where the child actually resides or the child's district of origin. A child's district of origin is the school district where the child was last enrolled. The deciding factor shall be the welfare of the child. As much as possible, the child will not be required to change attendance centers within the district every time the child changes residence unless that change results in the child no longer being classified as homeless.

Transportation: Policies or practices regarding transportation of students, which might cause a barrier to the attendance of a homeless child or youth, may be waived by the superintendent.

Special Services: All services which are available to resident students shall be made available to homeless children or youths enrolled in the district. Services include special education, talented and gifted programs, vocational education, English as a second language programs, health services and food and nutrition programs.

Cancellations / Closings

Weather or building related school cancellations can be heard over KCHE radio, on Facebook, and the different Sioux City television stations. Parents will be notified of these cancellations through the JMC text/email system. Contact a building office to get on the JMC text/email system.

Student Appearance

Students are expected to dress appropriately and with modesty, for the school setting. Clothing that may be appropriate for other events or a setting is not always acceptable in a learning environment. Any style of dress, article of clothing, which interferes with or disrupts the maintenance of an atmosphere conducive to learning is unacceptable. These apply at school, extra curricular activities, and away events where you are representing Cherokee.

- Footwear is to be worn at all times.
- Any article of clothing that is obscene or which contains profane or sexually suggestive language/graphics/pictures is unsuitable attire.
- Any article of clothing which promotes drugs or alcohol is considered improper.
- Clothing or material containing any print or image that is derogatory to any race, gender, or ethnic group is prohibited.
- Hats, caps, hoods, do-rags and bandanas are not to be worn in school. Scarves are not to be worn on the head unless worn for religious purposes.
- Any item associated with gangs, gang symbols, or gang colors is prohibited.
- Any article of clothing which is excessively revealing or disruptive is considered improper. Undergarments should not be visible.
- Coats will not be worn in the classrooms. Blankets will not be allowed during the school day.

- Sunglasses will not be permitted during the school day.

Activity Tickets

Activity tickets will be available for purchase by all middle school students and families. The activity ticket is admission to all athletic contests, music programs and other high school activities. Activity tickets can be purchased at registration or through the office. The ticket MUST be presented for admission to each activity. A replacement fee of \$10 will be charged for lost tickets.

Bicycles/Mopeds/Vehicles

- Each child will be required to park their bike in the racks provided as soon as the child arrives at school. They will not be allowed to ride the bike on school property during school hours.
- The school will not be responsible for damages to bicycles/mopeds while they are at the school. Bike locks are recommended.
- Moped parking is in the northeast corner of the far east parking lot.
- Middle School students will not be allowed to drive to school with a school permit.

Book Fines

The textbooks the students use are an important part of the educational process. Replacing a textbook is very expensive. If a student loses or damages a book from school, they will be assessed the replacement cost and/or fine to cover the damage.

Breakfast & Lunch Program

Lunch money can be added to your students' food service account through JMC. This is the option recommended by the school. Students can bring breakfast/lunch money to the middle school office for deposit into their food service account. Checks and cash need to be for the amount as the school does not keep change. Students will be assigned a student ID number at registration and will enter that number into the food service keypad after picking up their tray. A half-pint of milk is provided with the purchased breakfast/lunch meal. Extra milk may be purchased. Students may bring a cold lunch to school. They may purchase a milk to go with their cold lunch. Students may not have large food items for groups, such as pizzas, brought in for lunch. Breakfast is served each morning before school from 7:35-8:00 a.m. There will be four lunch shifts during the day. The school's negative lunch policy is found under 710.4.

Conferences

Parent-Teacher conferences are held twice a year. We believe that those conferences are vitally important for the student, parent, and the teacher. We invite both parents and students to attend. Parents may also request a conference with a teacher anytime during the year.

Emergency Drills

Periodically the school holds emergency drills for fire, tornado, and other threats or disasters. At the beginning of each semester students are notified by their teachers of the emergency drill procedures. Additionally, the procedures and proper exit areas are posted in each room.

Students are expected to remain quiet and orderly during a drill or an emergency. Fire alarms and other calls to alarm should be taken very seriously. Students who pull the fire alarm or call in false alarms, will be disciplined up to and including suspension or expulsion. Additionally, depending on the situation, they may be reported to local law enforcement authorities.

Cell phones, wireless headphones, & smart watches

Cell phones and smart watches are not to be used and will stay with their assigned teacher during the school day (8:05 a.m. - 3:20 p.m.). Cell phones should be turned off upon entering the building. It is a violation if staff members see, hear, or have knowledge of cell phone use. Students found in violation of this policy will follow the offenses listed. Refusal by the student to give their phone to the teacher or office will result in detention.

Outside of regular school hours while on school premises students should use phones and picture-taking with caution and should respect others through the use of their phones. Pictures should never be lewd and should not be taken without permission or unknowingly while on school premises or at any location. Cell phones or other recording devices are never allowed in restrooms or locker rooms.

Due to the advancement in technology and the ability of many types of cell phones to be used for educationally based purposes, (planner, calculator, Internet access, etc), cell phones could be a resource used within the classroom to facilitate learning. The classroom teacher will have the option of allowing such use within the classroom to facilitate learning. Parents who need to contact their child during school hours should call the office and the message will be forwarded to the student.

Field Trips

Students will be taken on various field trips during the school year. These trips are an extension of the school curriculum and are very worthwhile. Parents will be notified of the field trip a student will be taking that involves leaving the school district. Students will be supervised during a field trip and will be expected to follow the guidelines set down before the trip commences.

General Education Interventions

Many children experience problems at one time or another during a school year. Some of these problems require greater attention than general education teachers alone can give; the guidance program, remedial education and special education are examples of the way in which Cherokee Community Schools provide additional assistance to the students.

Cherokee Community School will attempt to resolve problems in the general education classroom whenever possible. General education interventions may include consultation by the classroom teacher with other school district staff. Interventions may also include direct assistance to a child from someone other than the general education staff. As a parent, you will always be informed about any problems your child may have and you will be involved in effort to help resolve these problems. When there is a serious concern about a student, teachers will meet with the parents to work to resolve the problem. A Child Study Team meeting may be held to discuss learning strategies for the student. Parents should contact the principal if they feel that their child needs the assistance of a general education intervention.

Health Program

The Cherokee Community Schools have the service of two full time nurses. They attend to the health needs of the students while they are at the school and are available for parent consultation when necessary. The nurses administer the following programs at Cherokee Elementary:

- Emergency first aid
- Vision screening
- Height and weight records
- Health education and counseling

Each student must have an Iowa Certificate of Immunization card on file in the School Nurse's Office. Iowa law requires all students to be properly immunized for diphtheria, whooping cough, tetanus, polio, hepatitis, measles, rubella, and chicken pox. If a student does not have a signed complete, provisional, or exemption card, he/she will not be allowed to attend school.

Authorization is needed for the dispensing of any prescription or non-prescription medication. Prescription and non-prescription medication may be given at school only if it is sent in the original container. A written note including the name of the medication, amount to be given, time medication is to be given, and parent signature must accompany ALL medication if it is to be given at school. If your child needs to have Tylenol or Ibuprofen, a parent must send it to school in the original bottle, with a note including the amount to be given, time to be given, and parent signature.

If a child becomes ill at school, the parents or a responsible adult will be notified as specified on the emergency contact information. Please keep home and emergency phone numbers up-to-date. Parents may not be informed of all minor injuries, unless the parent has asked the school specifically to inform them. Any injury or accident, which under the judgment of the Cherokee staff may require further treatment, will be brought to your attention immediately.

Contagious Disease

Children with any of these diseases should be under a physician's care and the school nurse should be notified. The school will notify parents if there is an exposure of these diseases at school; Chicken Pox, Measles-German, Mumps, Scabies, Scarlet Fever, Whooping Cough, Polio, Meningitis, Infectious Hepatitis. Your child should be able to go outdoors for recess and participate in Physical Education activities if they are in school. If you have a doctor's note stating that your child can not participate in outdoor or Physical Education please provide that documentation to the nurse and the office.

Please notify the school if your child becomes ill with a communicable disease. This will help to alert the school nurse and school staff to the possibility of the exposure of other pupils.

Your school nurse encourages you to call her any time you have questions or if there is any change in your child's health that may affect his/her work at school.

Food/Nut Allergy Aware Environment

A number of children in the Cherokee Community School District and throughout schools across the United States are affected by food and/or nut allergies.

Cherokee Community School District (CCSD) has implemented a "Food/Nut Allergy Aware Environment" in the best interest of all of our students. CCSD will not be serving any peanut butter or peanut/tree nut products through our food service program. Students will be allowed to bring cold lunches that may contain peanuts products, but will be asked to sit separately from "hot" lunch students in the lunchroom in order to protect the students that have allergic conditions to nut products. Upon the completion of lunch in the multipurpose room, all students will be asked to wash their hands and all tables will be cleaned.

All snacks or treats brought into the classroom from home must be prepackaged. Upon completion of snacks in the classroom, all tables will be cleaned.

All staff members will be notified of the students with food/nut allergies by the school nurse and instructed of the policies/procedures that will be followed in the event of an allergic reaction. Parents will supply written instructions regarding treatment of their child in the event of an allergic reaction and staff will be informed of those procedures.

In the event of a food allergy reaction at school, parents will be informed immediately.

Head Lice

The Cherokee Community School health department's main goal is to control lice outbreaks. In doing so, the school health department hopes to quickly identify those children infested with lice and notify the parents with the least amount of disruption of school attendance.

If a child is found with live lice, his or her parents will be notified and asked to treat the head lice. Actual treatment of head lice consists of an initial treatment with an approved shampoo, daily combing out of the hair with a lice comb for 7 days, followed by retreatment with approved shampoo on the 7th day. All family members should be checked at home and treated if necessary.

Illness

The Cherokee Community School Health Department follows the guidelines of the Iowa Department of Health in order to prevent the spread of communicable diseases.

Parents and students frequently have questions about their child's illness or attendance at school. Please follow the guidelines below, or contact the school nurse, when deciding whether your child may attend school or should stay home. If your child presents to the health office with any of the symptoms below, they will be sent home.

1. Fever of 100 degrees or above – child must remain home for 24 hours after the temperature has returned to normal without over-the-counter medications.
2. Vomiting or Diarrhea – a child must be free from vomiting or diarrhea for 24 hours before returning to school.
3. Swelling, redness, tenderness, discharge from eyes – requires a physician’s diagnosis. If conjunctivitis, to have 24 hours of antibiotic before returning to school.
4. Unexplained skin eruptions or rash.
5. Communicable disease – requires a physician’s diagnosis and treatment, if needed, or until symptoms are gone.
6. Severe cold or cough.
7. Any health condition that, in the nurse’s judgment, is of concern for the child’s health or other’s.

Medication in School

It is required that parents bring their child’s medication to school rather than send it with their child in his/her book bag. This applies especially to those medications that are categorized as “controlled substances” such as Ritalin (Methylphenidate), Dexedrine, etc. We realize that this may cause some inconvenience for you, but if you would contact the school nurse or your child’s building secretary, hopefully we can make arrangements that will be workable for you. If you already practice this safety measure, we thank you for your cooperation! If medication is to be administered at school, a school form must be filled out and signed by the parent/guardian. Forms may be obtained at the school’s health office. The medication must be in the original container that is labeled by the pharmacy or the manufacturer with the name of the student, name of the medication, time of day that it is to be given, dosage and duration. Over-the-counter medication, as provided by the parent/guardian, such as acetaminophen, ibuprofen, cough drops, etc. requires parent/guardian’s written permission and must be brought in the original labeled container with specific directions. For any ongoing medication, longer than 10 days, a physician must sign this request. The school nurse may determine that an over-the-counter medication—including food supplements and herbals, ordered by a parent, could be detrimental to the student, and thus may refuse to administer it.

A written record of the medication administration will be kept for each student receiving medication, including: date; student’s name; person prescribing or authorizing the administration; the medication and dosage; signature of the person administering the medication; administration time and method and any unusual circumstances, actions or omissions.

Medication will be stored in a secured area unless an alternate provision is documented.

Only the school nurse or employee who has successfully completed the medication administration course reviewed by the Iowa Board of Pharmacy Examiners shall have access to the medication.

Library

The library is a place to read, research, and study. The library is available for all students to use from 7:40 a.m. to 3:40 p.m. each school day. The following rules apply:

- No more than two books may be checked out for two weeks. They may be renewed.
- A daily fine per day is charged for overdue books. Only school days will be counted against the student.
- A student may use reference books and magazines during the day, but they cannot be checked out.
- All books must be checked out and checked back in.
- The library is not a place for visiting with others.

Lockers

Students are allowed to use the lockers for storing school-related materials and personal items where necessary for attendance at school. Students are required to keep their assigned locker clean and undamaged. Expenses to repair any damage done to a student’s locker may be charged to the student.

It is highly recommended that students do not store valuables in their lockers or desks. The school district is not responsible for such items. A student may use a lock to secure their locker space, however this does not prevent searches conducted by the school. Mrs. Miller may periodically inspect all or a random selection of lockers and desks for inspection. Either students or another school administrator will be present during the inspection of lockers. These searches may be conducted at any time and without advance notice in compliance with the district’s search and seizure rules and policies.

Physical Education

Each student receives instruction in various aspects of physical fitness, individual and group skills, and group games. Physical education is a required course in Iowa schools. A change of clothes including shorts, T-shirt, and shoes are required to protect the gym floor. If you feel that your child must be excused from physical education, you must provide the school with an excuse signed by your physician. If you don't have a note, you will be expected to participate in class.

Report Cards

We report student progress to the parent by the use of the JMC student management system, progress reports, report cards and by parent conferences. Progress Reports are at the midterm of each quarter and report cards are emailed at the end of each quarter. If you prefer a paper copy, you may stop in the school office and pick one up. Semester grades are indicated on the second and fourth quarter report cards. Semester grades are used to calculate a student's cumulative grade point average.

School Wellness Policy

In compliance with the School Wellness Policy, the Cherokee Community School District encourages healthy food items (low in fat, sugar, and salt) to be served for celebrations and/or snacks. We strive to teach students a healthy attitude about treats. Food items could include: string cheese, yogurt products, whole grain granola bars, fresh fruits and vegetables, dried or canned fruits, dried cereal, whole grain crackers, and popcorn. Drinks could include fruit juices and/or water. We do not allow peanut/tree nut products for snacks or treats. The wellness policy can be found under board policies 507.9, and if anyone is interested in joining the wellness committee, parents, staff, stakeholder, or student, please contact any school office, to be added to the list for future emails.

School Wellness (Recess)

Wellness will be outside if the temperature is above zero, weather permitting. The guidelines are as follows:

1. Students must dress appropriately for the weather.
2. No games involving rough play or physical contact will be permitted.
3. Students must ask permission of the teacher in order to come back into the building during wellness.
4. Students should use wellness equipment as it was intended. Inappropriate use is not allowed.
5. All wellness equipment must be returned to the appropriate storage container.

Technology: Internet Policy

The District provides Internet access to its employees, Board members, and students for educational purposes only. The District's Internet system has not been established as a public access service or a public forum. The District has the right to place restrictions on use to ensure that use of the system is in accord with its limited educational purpose. Student use of the District's Internet system will be governed by this document, the District's Acceptable Use Policy (see below), related District and school regulations, and the student disciplinary code. Staff use will be governed by this document, related District policies and regulations, and District employment policy. The due process rights of all users will be respected in the event there is a suspicion of inappropriate use of the District Internet system. Because the law considers information and material on the school network as public documents and requires the monitoring of Internet activity, users should have limited to no privacy expectations regarding the contents of their personal files and records of their online activity while on the District system. The District Internet system is a limited public forum. The District may restrict access to materials or may place restrictions on student speech for valid educational reasons. This document was developed in accordance with the statutory requirements of the Children's Internet Protection Act (CIPA).

The District promotes the effective, educational use of the Internet in school through professional development. Student and staff users of the District Internet system are being educated regularly regarding the safe, ethical, legal, and responsible use of the Internet and of the District's Internet system and their rights and responsibilities under this plan. Student use and activities will be structured in a manner that is appropriate to the age and skills of students.

The District protects against access to materials that are considered inappropriate for users to access through the District Internet system in the following manner:

1. The District recognizes that Internet resources can be categorized as prohibited, restricted, limited access, or approved material. Prohibited material may not be accessed by the students or staff at any time, for any purpose. Restricted material may be accessed by students in the context of specific learning activities that have been approved by the Superintendent or by the IT Director for professional development purposes. Limited access material is material that is generally considered to be non-educational or entertainment. Limited access material may be accessed in the context of specific learning activities that are directed by a teacher. Approved material, on the other hand, can be accessed at all times.
2. The District has implemented the use of a technology protection measure (filtering software), which is a specific technology that will protect against access to visual depictions that are obscene, child pornography, and materials that are harmful to minors, as defined by CIPA. At the discretion of the District or school, the filtering software may also be configured to protect against access to other material considered inappropriate for student access. The District recognizes, however, that filters are not perfect. They block sites that should not be blocked and let through sites that should be blocked. Therefore, Cherokee Community Schools do not rely on filters as a sole protection measure. Education on how to handle accidental access, supervision, parental support of policies and responsible use play important roles.
3. Authorized staff may temporarily or permanently unblock access to sites containing appropriate material, if access to such sites has been inappropriately blocked by the filtering software.
4. The determination of whether material is appropriate or inappropriate shall be based on the content of the material and the intended use of the material, not on the protection actions of the filtering software.
5. Student use of the District Internet system will be supervised by staff in a manner that is appropriate to the age of the students and circumstances of use.
6. The District has developed procedures to monitor student use of the Internet through an analysis of Internet usage records.
7. The Acceptable Use Policy (see below) includes provisions that address the following safe and responsible use issues:
 - o Access to inappropriate material.
 - o Privacy and communication safety standards for self and others
 - o Illegal activities, including computer security violations, actions taken to disrupt the performance of a computer system, and the use of the Internet to engage in other criminal acts.
 - o Inappropriate language.
 - o Plagiarism and copyright infringement.
 - o Actions or use that may disrupt or jeopardize the security or effective performance of the District's network or the Internet.
 - o Safety and security when using direct electronic communication.

The District follows guidelines for protecting student personal information when accounts are established on third party websites in accordance with CIPA. The District will protect against the unauthorized disclosure, use, or dissemination of personal or confidential information of students in accordance with state, federal and local regulations. The District will develop regulations addressing the disclosure of student information, posting student-created material, and posting pictures of students on the District website. Each school year, parents/guardians must sign an agreement to allow their child to access the Internet. The District educates students to respect intellectual property and observe copyright protection related to material that is accessed through or placed on the Internet. The District has developed District guidelines to promote the effective educational use of the Internet, protect the privacy rights and other rights of students and staff, limit potential liability of the District for the inappropriate placement of material, and present an image that will reflect well on the District, schools, staff, and students, and adheres to Iowa state law.

The administrative responsibilities of the District administrative staff related to the District Internet system are as follows:

1. The IT Director, or his/her designee, will serve as the coordinator to oversee the District Internet system. The superintendent is also authorized to develop regulations and agreements for the use of the District Internet system that are in accord with this plan, and other District policies.

2. The building principal, or his/her designee, will serve as the building-level coordinators for the District Internet system, and be responsible for interpreting this plan and related regulations at the building level.
3. The District conducts ongoing evaluation of the issues related to this plan, related regulations, and the strategies implemented by schools under this plan.

Acceptable Use Policy General Information

The Cherokee Community School District provides computer equipment, computer services, and Internet access to its students and staff for educational purposes only. Computers are located in classrooms, labs, and libraries. Students in grades 9-12 are supplied with computer bags to take home their PC's. All online activity is monitored on school issued and owned PC's at ALL times Cherokee Community School District has established procedures to comply with the Children's Internet Protection Act (CIPA), which mandates that: All computers incorporate technology to protect students from obscene material, child pornography, and other harmful material. Student activity online is monitored. The District maintains a District Internet Safety Plan (See above).

Although Cherokee Community Schools use filtering software, all parties must be aware that filters are imperfect. Material that should not get through does get through and material that should not be blocked is blocked. Students or staff who inadvertently access inappropriate material, should notify the supervising teacher or the Technology Department so that the website may be blocked and to avoid any problems if the access is picked up during the monitoring process. These guidelines are provided so that staff, community, student users, and the parents/guardians of students are aware of their responsibilities. The district may modify these rules at any time.

Information Content and Uses of the System

The user agrees not to publish on or over the system any information, which violates or infringes upon the rights of any other person or any information which would be abusive, profane, or sexually offensive. The user agrees not to use the facilities and capabilities of the system to conduct any business or solicit the performance of any activity that is prohibited by law. Cherokee Community Schools provide access to the Internet; however, the District and the system administrators have no control over content. The District has taken steps to prevent access to objectionable content, but potential dangers remain. Students and their parents/guardians are advised that some systems may contain objectionable or illegal material. Cherokee Community Schools and the system administrators do not condone the use of such materials and do not permit usage of such materials in the school environment. Knowingly bringing such materials into the school environment may result in disciplinary action. At any time, the systems administrator may prohibit the use of smart phones, or other devices on the district network. Students may not bring personal Laptops, iPad, Etc. into the district. The district provides a 1:1 PC program where all students are provided a School owned PC.

This and other curricular documents are available upon request from the office of the superintendent.

Email

Email messages on the Cherokee Community School District network are the property of the district and may be accessed at any time. Student use of outside email accounts or web-based email is prohibited and a violation of this policy. A canceled Cherokee Community School District account will not retain email. Users are expected to remove old messages in a timely fashion. The system administrators may remove messages if not attended to regularly by the user. The Children's Internet Protection Act (CIPA) mandates that student online activity is monitored. District email may be monitored electronically. It is a violation of this AUP to send email that is defamatory, abusive, obscene, profane, sexually oriented, threatening, racially offensive, or otherwise illegal. Anyone receiving such email should refer it to the proper authorities for investigation. Cherokee Community School District reserves the right to cooperate fully with local, state, or federal officials in any investigation concerning or relating to any email transmitted on the Southern Regional network.

Security on any computer system is a high priority. If a user identifies a security problem on the system, the user must notify a system administrator. The user should not demonstrate the problem to others. Users should not allow others to use their account and password. Attempts to log in to the system using either another user's account or as a system administrator will result in discipline. Users should immediately notify a system administrator if a password is lost or stolen, or if they have reason to believe that someone has obtained unauthorized access to their account. Any user identified as a security risk will be subject to disciplinary action.

Vandalism

Vandalism will result in the limited use of system privileges and other disciplinary measures in compliance with district policy and the discipline code. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the system, or other networks that are connected to the Internet, or intentional damage to hardware or software on the system.

Teachers who wish to allow the use of privately owned technology devices shall notify their immediate supervisor as to the nature of this use. Any staff member who uses a privately owned technology device while in school for any purpose must comply with all district policies and regulations. The school district

assumes no responsibility for any privately owned technology device or software brought to school by a student or staff member.

- o Students will ride in the bus assigned by the Superintendent of Schools.
- o Bus drivers will operate on a regular schedule. Deviation from this schedule will be made if weather and road conditions warrant.
- o Bus drivers should not be requested to wait on a student pick-up more than 2 minutes. If a student is not riding, the driver should be signaled to go on.
- o The bus driver has complete charge of the conduct of the students and has the authority to assign special seats to students whose conduct is detrimental to the safety of the group.
- o In cases of misconduct on the bus, a school administrator and the transportation director shall deal with the problem and may set a period of time that the student will be excluded from school district transportation.

Bullying/Harassment

Harassment and bullying of students and employees are against federal, state, and local policy, and are not tolerated by the board. The board is committed to providing all students with a safe and civil school environment in which all members of the school community are treated with dignity and respect. To that end, the board has in place policies, procedures, and practices that are designed to reduce and eliminate bullying and harassment as well as processes and procedures to deal with incidents of bullying and harassment. Bullying and harassment of students by students, school employees, and volunteers who have direct contact with students will not be tolerated in the school or school district.

Temporary Removal from Classroom

Temporary removal from a classroom means that a student will be temporarily removed from the current classroom due to disruption of the learning environment and moved to a therapeutic classroom, hallway, office or counselor's office. This is at the discretion of the classroom teacher.

Detention

Detention means that a student is required to attend school during non-school hours for disciplinary purposes. Whether detention is to be imposed, the time of detention, and the length is determined by the staff member giving the detention and on a case-by-case basis.

Student Suspensions

Suspensions and discipline in lieu of or on condition of suspension, may be considered when a student violates board policy, school rules, or the law. All suspensions will be determined by Mrs. Miller, CMS Principal, after an investigation of the incident or allegation. Phone calls and reasons will be given to the parents and student regarding the suspension. Students who are suspended from school will still be expected to complete course work.

In-School Suspension

In-school suspension is a temporary isolation of a student from one or more classes while under administrative supervision and remaining on the school property.

Out-of-School Suspension

Out-of-school suspension is used when other available school resources are unable to constructively remedy the student's behavior. Out-of-school suspension is the removal of a student from the school environment for short periods of time. A student may be removed from school for periods not to exceed 10 school days by the principal due to gross or repeated infractions or when the student's presence causes interference with the educational environment or operation of the school. The principal may use out-of-school suspension after an investigation and the student is afforded due process as outlined in school policy and the law. Following the suspension of a special education student, an informal evaluation of the student's placement will take place. The Individual Education Program (IEP) is evaluated to determine whether it needs to be changed or modified in response to the behavior that led to the suspension. If a special education student's suspension, either in or out of school, equals 10 days on a cumulative basis, a staffing team will meet to determine whether the IEP is appropriate.

Student Expulsions

An expulsion occurs when a student is removed from the school environment, including but not limited to classes, activities, and other school related events. Students may be expelled for violation of board policy, school rules, or the law. At the recommendation of the superintendent, a student may be considered for expulsion for disciplinary purposes. Only the board may make the determination to expel a student. Students considered for expulsion will be given due process as outlined in school policy and the law.

Tobacco-Free Campus

School district buildings, grounds, and vehicles shall be off limits for tobacco use, including chewing tobacco and vaping. This requirement extends to employees and visitors. This policy applies at all times, including school-sponsored events. Persons failing to abide by this request shall be required to discard their tobacco or leave the school district premises, immediately. It shall be the responsibility of all school employees to enforce this policy.

Student Substance Abuse

Students are prohibited from distribution, dispensing, manufacture, possession, use or being under the influence of alcohol, tobacco/nicotine products, other controlled substances, or look-a-like substances while on school district premises or property within the jurisdiction of the school district, while on school-owned and/or operated school or chartered vehicles, while attending or engaged in school activities, and while away from school grounds if the misconduct will directly affect the good order, efficient management and welfare of the school.

Students found to be in violation of this rule will be subject to appropriate disciplinary measures and may be required to satisfactorily complete a substance abuse or rehabilitation program. Disciplinary measures may include discipline up to or including suspension and expulsion. For students under the age of 21, local law enforcement authorities may be notified.

Search and Seizure

Cherokee Middle School believes that in order to maintain and protect the health and safety of students, employees, and visitors to the school district and for the protection of school district property and educational environment, students, students' belongings, school-owned lockers, desks or other facilities may be searched or inspected pursuant to constitutional protections and state and federal law. A student and protected student areas may be searched without a search warrant based on a reasonable and articulable suspicion that a law and/or school district policy, rule, or regulations have been violated.

Personal Searches

A student's person and protected student areas may be searched when a school official has reasonable suspicion to believe the student is in possession of illegal, unauthorized, or contraband materials or has

violated law or school district policy, rule, or regulations. A student means a student's person. Student-protected areas are a student's personal effects which include but are not limited to backpacks, satchels, purses, gym bags, etc. Personally intrusive searches of the student's body require more compelling circumstances to be considered reasonable. If a pat-down or search of student's garments such as jackets, socks, pockets etc., is conducted, it must be conducted in private by a school official of the same sex as the student and with another adult witness of the same sex present, when feasible. A more intrusive search, short of a strip search, of the student's person and personal effects, is permissible in emergency situations when the health and safety of students, employees or visitors are threatened with imminent harm. This emergency-induced search can only be conducted by a school official of the same sex as the student, with an adult of the same sex present unless the health or safety of students will be endangered by delay.

Lockers

Although school lockers are temporarily assigned to individual students, they remain the property of the district. The school district has a reasonable and valid interest in ensuring the lockers and other spaces are properly maintained. For this reason, lockers and other spaces are subject to unannounced inspections and students do not have a legitimate expectation of privacy in the locker or other space. Any illegal, unauthorized, or contraband materials discovered will be confiscated by school authorities and may be turned over to law enforcement.

Seizure

School authorities may seize any illegal, unauthorized, or contraband materials discovered in a search. Such items are not to be possessed by a student while they are on school district property, on property within the jurisdiction of the school district, while on school-owned or school-operated or chartered vehicles, while attending or engaged in school activities, and while away from school grounds if the misconduct will directly affect the good order, efficient management, and welfare of the school district. Possession of such items will result in disciplinary action including suspension or expulsion and may be reported to law enforcement.

Weapons and Weapon Look-a-Likes

Pursuant to Policy 502.6, the board believes weapons, other dangerous objects, and look-alikes in school district facilities cause material and substantial disruption to the school environment or present a threat to the health and safety of students, employees, and visitors on the school district premises or property within the jurisdiction of the school district.

- School district facilities are not an appropriate place for weapons, dangerous objects, and look-alikes. Weapons and other dangerous objects, and look-alikes will be taken from students and others who bring them onto the school district property or onto property within the jurisdiction of the school district or from students who are within the control of the school district.

Parents of students found to possess weapons, dangerous objects, or look-a-likes on school property are notified of the incident. Possession or confiscation of weapons or dangerous objects may be reported to law enforcement officials, and students may be subject to disciplinary action including suspension or expulsion.

Students bringing firearms to school or knowingly possessing firearms at school will be expelled for not less than one year. The superintendent has the authority to recommend this expulsion requirement be modified for students on a case-by-case basis. For purposes of this portion of this policy, the term "firearm" includes, but is not limited to, any weapon which is designed to expel a projectile by the action of an explosive, the frame, or receiver of any such weapon, a muffler or silencer for such a weapon, or any explosive, incendiary, or poison gas.

Weapons under the control of law enforcement officials are exempt from this policy. The principal may allow authorized persons to display weapons, other dangerous objects, or look-alikes for educational purposes. Such a display will also be exempt from this policy. It is the responsibility of the superintendent, in conjunction with the principal, to develop administrative regulations regarding this policy.

Special Policies: Student Conduct

The board believes inappropriate student conduct causes material and substantial disruption to the school environment, interferes with the rights of others, or presents a threat to the health and safety of students, employees, and visitors on school premises. Appropriate classroom behavior allows teachers to communicate more effectively with students.

Students will conduct themselves in a manner fitting to their age level and maturity and with respect and consideration for the rights of others while on school district property or on property within the jurisdiction of the school district; while on school owned and/or operated school or chartered vehicles; while attending or engaged in school activities; and while away from school grounds if misconduct will directly affect the good order, efficient management and welfare of the school district. Consequences for the misconduct will be fair and developmentally appropriate in light of the circumstances.

Students who fail to abide by this policy, and the administrative regulations supporting it, may be disciplined for conduct which disrupts or interferes with the education program; conduct which disrupts the orderly and efficient operation of the school district or school activity; conduct which disrupts the rights of other students to participate in or obtain their education; conduct that is violent or destructive; or conduct which interrupts the maintenance of a disciplined atmosphere. Disciplinary measures include, but are not limited to, removal from the classroom, detention, suspension, probation, and expulsion.

A student who commits an assault against an employee on school district property or on property within the jurisdiction of the school district; while on school-owned or school-operated chartered vehicles; while attending or engaged in school district activities will be suspended by the principal. Notice of the suspension is sent to the board president. The board will review the suspension to determine whether to impose further sanctions against the student, which may include expulsion. Assault for purposes of this section of this policy is defined as:

- an act which is intended to cause pain or injury to, or which is intended to result in physical contact which will be insulting or offensive to another, coupled with the apparent ability to execute the act; or
- any act which is intended to place another in fear of immediate physical contact which will be painful, injurious, insulting or offensive, coupled with the apparent ability to execute the act; or, intentionally points any firearm toward another or displays in a threatening manner any dangerous weapon toward another.

The act is not an assault when the person doing any of the above and the other person are voluntary participants in a sport, social or other activity, not in itself criminal, when the act is a reasonable foreseeable incident of such sport or activity, and does not create an unreasonable risk of serious injury or breach of the peace.

Sexual Abuse and Physical Abuse of Students by School Employees

Cherokee Community School District does not tolerate physical or sexual abuse of students, including inappropriate and intentional sexual behavior, by employees. Students who are physically or sexually abused by an employee should notify their parent or guardian, and report to a principal or other trusted school employee. A report may also be made directly to the Level 1 investigator.

The Iowa Department of Education has established procedures adopted by the district for investigating allegations. Cherokee Community School District's Level 1 investigators are Thomas Ryherd (tryherd@ccsd.k12.ia.us 712-225-6767) and Brian Christiansen (bchristiansen@ccsd.k12.ia.us 712-225-6760). Allegations will be handled promptly and confidentially to the maximum extent possible. The Cherokee Community School's Level II Investigators responsible for investigating the abuse of students by employees is Sgt. Gannon (bgannon@ccsd.k12.ia.us), Cherokee Sheriff Department, and Cherokee Police Department.

School Insurance

Student accident insurance is offered to all students. The Iowa Athletic Association rules state that all athletes must have insurance to be eligible. A student will be given an insurance waiver in the fall to be returned before participating in practice.

Extra Curricular Eligibility: Student Code of Conduct/Participation

The Board of Directors of the Cherokee Comm. School District offers a variety of voluntary activities designed to enhance the classroom education of its students. Students who participate in extracurricular activities serve as ambassadors of the school throughout the calendar year, whether away from or at school. Students who wish to exercise the privilege of participating in extracurricular activities must refrain from activities that are illegal, immoral, unhealthy, or highly inappropriate. Participation in these activities is a privilege, conditioned upon meeting the eligibility criteria established by the board, administration and individual activity coaches and sponsors. The principal shall keep records of violations of the Good Conduct Rule.

Participation in school activities is a privilege. School activities provide the benefits of promoting additional interests and abilities in the students during their school years and for a lifetime. Good conduct, both in and out of school, is expected of students representing Cherokee Middle School in all activities. Each student should exercise self-discipline and self-restraint if they are to continue to participate in school activities.

It shall be the responsibility of the superintendent to adopt rules and regulations for school activities. Students wanting to participate in school activities must meet the requirements set out by the school district for participation in the activity.

This policy is in force for all students in grades 7 and 8. All home-schooled, dual-enrolled, regular education and special education students will be held accountable to this policy. Outgoing 8th grade athletes must have passed their core classes in 8th grade to be eligible for their 8th grade summer extracurricular activities.

Extra Curricular Eligibility: Academic Eligibility

To be eligible for an activity, students participating must:

- Be enrolled or dual-enrolled in school.
- Students must have all passing grades.
- Have met all transfer requirements, if the student is a transfer student, or be eligible under state law and regulations, if the student is an open enrollment student.
- The student will not be allowed to participate in a public performance or athletic contest during the ineligible period, excluding concerts and performances that are graded.

Any student not meeting these requirements at either the midterm or end of quarter will be declared ineligible for 5 school days. After the five days if the student is passing all classes, they regain their eligibility. If they are not passing, grades will be rechecked weekly to determine eligibility.

Extra Curricular Eligibility: Code of Conduct Violations

Students who participate in extracurricular activities are expected to adhere to the highest standards of personal conduct and citizenship. The following violations are subject to penalty whether at school or elsewhere, 24 hours a day, 365 days per year. Penalties listed pertain to all violations. Examples are as follows but not limited to:

- Being in attendance at a function or party where the student knows or has reason to know that alcohol or other drugs are being consumed illegally by minors and failing to leave despite having a reasonable opportunity to do so.

- Engagement in a lewd, or obscene, or indecent public display.

- Exceedingly inappropriate or offensive conduct such as assaulting staff or students, gross insubordination (talking back or refusing to cooperate with authorities), hazing or harassment of others. NOTE: This could include group conduct!

2. A student is referred to school administration by law enforcement or judicial agencies.
3. A student is found guilty in a court of law.
4. An employee of the district witnesses a student breaking one of the standards of the Code of Conduct and reports it to building administration within 15 days of violation.

This statement must be made in writing at the principal's or athletic director's office within 15 days of alleged violation. After reviewing the evidence, the principal will determine the eligibility status of the student.

The principal, athletic director, and a committee of faculty members will conduct a hearing to review the request and decide if the elimination of the violation is in the best interest of the extracurricular program of CMS. If the request is rejected, a written statement will be sent to the student and parent/guardian that will provide justification for the denial.

Extra Curricular Eligibility: Method of Counting Number of Code of Conduct Violations

The 2nd, 3rd, and 4th offenses occur when a participant again admits to or is found to be in violation of the eligibility rules within his/her high school career. (Offenses accumulate throughout a student's middle school career.)

Students may continue to practice with their groups after receiving a 1st and 2nd violation, but they may not wear a uniform or participate in any manner during a competition or performance. However, after receiving a 3rd violation, the student may not practice with the group. Music performers are excluded from this due to their co-curricular nature.

Any student declared ineligible under a prior school district's Eligibility Policy without having completed the full period of ineligibility at that school and transfers to the Cherokee Community Schools will be held accountable to the Eligibility Policy of his/her former school district. Once that period of ineligibility has been completed, the student is then immediately eligible for school activities at Cherokee Community Schools.
